

#RISFellowships

These are **some** internship opportunities **for 2022**

Develop **your talent** with top **agri-food players** during a **3-6 months** paid internship in the EU!

RIS FELLOWSHIPS INTERSHIP

Our aim is to provide internships for young talents from EIT RIS countries to promote brain circulation, contributing to enhancing the innovativeness of personnel and development of scientific impact by supporting the creation and diffusion of **high-quality new knowledge, skills, competences and solutions** to the food system challenges

Who are we looking for?

During the recruitment process we will look for **young passionate people from higher education** upon the return to their homes EIT RIS countries, will spur a wave of entrepreneurial innovations and support the development of the local agri-food ecosystem.

RIS Fellowships, MSc students and graduates and young entrepreneurs. You will have the opportunity to apply academic knowledge in practical context of work to spur a wave of entrepreneurial innovations in your home country.

RIS Talents, doctoral students and young postdocs. You will benefit from lessons learned in your own academic research and you will also be encouraged to engage in industrial collaboration or entrepreneurship.

Get the benefits!

Take advantage of 3-6 months mentorship

Gain hands-on experience among food industry top players.

Develop **job-related competences.**

Expand your **networking.**

Get a **650 - 1800€ / month** grant.

Know and **learn about other ways of working** and discuss from a different point of view.
